'OFF-DUTY' OFFICER MAKES ARREST

Just No Time to Relax in D.C.

WHEN PATROLMAN Thomas Crawford of the Daly City Police Department went off duty shortly after 8 last Wednesday morning, he ended his shift in theory—but not in fact.

For two hours later, he was holding a burglary suspect at gunpoint—the end result of a retentive memory and what he termed his own curiosity.

The suspect, Terry Lee Davenport, 21, of 4828 Mission Street, Daly City, was charged with two counts of burglary and held in lieu of $2,500 bail.

HIS ARREST culminated this fast-moving sequence of events:

At 8:30 a.m., Adriana Peyrucain of 908 Higate Avenue reported to police she had surprised a burglar in her home and the intruder had dashed out a back door.

Patrolman Charles Munday, who earlier had run a routine check on a parked car in the neighborhood, checked again and saw that it was gone.

He radioed headquarters and an owner's registration check was made.

Another check revealed that the owner had a prior record of burglary arrests. A description of the owner and the car was then broadcast over the police network.

PATROLMAN CRAWFORD, sitting in the squad room at police headquarters just after ending his shift, heard the report—and remembered it.

And so at about 10 a.m., as he was leaving a supermarket in the St. Francis Square Shopping area, he spotted a car that seemed to match the description of the car he had heard on the police radio earlier.

He followed the car in his auto "out of curiosity" and noticed the driver also appeared to match the description he had heard.

At a red light at Knowles Street and Mission Avenue, Patrolman Crawford got out of his own private car, walked up to the other auto and placed the suspect under arrest at gunpoint.

A bystander phoned police headquarters and a number of patrol cars sped to Crawford's assistance.

DAVENPORT was charged with taking about $60 in currency and change from the Peyrucain residence. He also was

Sunday 'M-Day' For Mary's Help Hospital

By DON MILLER

THE GRACIOUS old lady of Guerrero Street in San Francisco, Mary's Help Hospital, will undergo a remarkable change Sunday.

The 53-year-old institution—in an operation as intricate and carefully planned as delicate surgery—will move to a bright, new hilltop home in Daly City, thus providing Northern San Mateo County with its first major hospital facility.

Official opening time Sunday—"M-Day"—has been scheduled for 8 a.m. Shortly after that hour, the first vehicle in a fleet of volunteer ambulances will begin arriving at the 11-story structure, bringing patients from the Guerrero Street building.

THE TRANSFER of patients and the stocking of equipment and supplies prior to their arrival has been in the planning stages for the past three months, according to Lawrence Hoban, assistant administrator for Mary's Help.

Sunday morning was chosen for the move because patient rosters are traditionally at their lowest level at this time in most hospitals, Hoban explained.

In addition, traffic on Sundays is lighter than during the week.

When Sunday dawns, Mary's Help hopes to have no more than 50 patients on hand.

To help keep the patient roster to a minimum, no obstetric cases will be admitted after 9 a.m. Friday. Elective surgery—operations that are not of an emergency nature—were suspended yesterday for the balance of the week.

ONE OF THE special situations that may face the hospital administration on moving day is the likelihood of transferring two premature babies—now in isolettes in the maternity ward at the old hospital.

If the infants are still in the ward Sunday, they and their isolettes will be carefully placed in ambulances where 110-volt power will be available to keep the temperature in the isolettes constant during the trip to the new building.

Five ambulance companies — Mercy, Bay Area, King and American, Federal and San Francisco Ambulance — and the Broadmoor Police Department have volunteered to supply vehicles for the patient transfer.

Hoban said that a caravan of ambulances, transferring all the patients at one time, was proposed at first but was vetoed on the grounds that the first patients to be placed in vehicles might have to wait a long time while the last of the vehicles was loaded.

Immediately prior to a patient's transfer, he will be examined by his physician who will designate the special services and equipment that the patient will need in transit.

In those cases where patients are in

Other Cities' Support Urged

Retaining San Bruno mountain as a natural area, and adding an offshore freeway to the bay, were approved by South San Francisco councilmen Monday night.

The council voted to seek the aid of other San Mateo County and Peninsula communities in asking the state to firm up its once-approved plans for the bayfront freeeway.

Acting on a resolution presented by Councilman Guido Rozzi, the board noted that all the cities along the bay, including San Francisco and its airport, have plans for development that depend on the state's offshore plans.

"We are getting quite concerned with this uncertainty," explained Rozzi, noting that the state's "plans" for an offshore freeway have never gotten beyond the status of sketch lines drawn on maps.

All the cities have plans, Rozzi noted, "not necessarily to fill the bay, but for recreation areas. We have to know definitely where to plan."

Councilmen gave the Planning Commission the job of seeking to retain San Bruno mountain in its present semi-wild condition.

They adopted a motion designating the planning board as the proper city body to contact Daly City and Brisbane, as well as county officials, with an eye towards working out a suitable plan of action.

South San Francisco will work either alone, or with her sister cities, councilmen agreed, toward maintaining the county's most prominent landmark in its natural state.

The action followed a request by residents of the Paradise Valley subdivision, whose homes face the grassy slopes of the

Tax Overhaul Is Urged By Jeff Teachers

More Use Of Aid Advised

By LOUANNE HEATH

Greater use of state and federal aid programs and a reorganization of the school tax structure was urged by members of the Jefferson Federated Teachers' Association at a press conference last Thursday.

Robert Nissem, president, flanked by JDFTA education polices chairman Mariclare DeAmicis and program chairman Robert Del Zell, outlined the organization's current goals and policies during the discussion.

He called for a revised and rejuvenated education program that would place special emphasis upon reaching the nonverbal remedial student.

"We feel that the local tax payer has been taxed to the saturation point while new legislation continues to call for increased expenditures by the local school districts," Nissem said.

"We feel that more must be

Wait and See Plan Adopted For Rat Data

Daly City city officials and the Westlake Homeowners' Association have agreed to "wait for about two weeks" before beginning a mailing program for rat extermination information to residents of the Westlake area.

A species of roof rat (a reportedly "clean" variety of rodent) observed in many parts of Westlake has evoked an outcry from some residents.

Daly City Manager Edward Frank commented yesterday that he talked with association officials last week and they had decided to wait and see how many people came in to get rat extermination information.

GREENWOOD'S WARNING

Trustees Review Budget, Tax Rate

By BERENICE PALMER

Trustees of the Jefferson Elementary School District took a long, hard look at the district's four-month-old budget Monday night, seeking ways of cutting the budget and reducing taxes.

The action was a continuation from the district's last meeting when a cost study had been urged.

During an hour's discussion on budget items, District Supt. Frank Greenwood cautioned trustees against "doing anything drastic."

He suggested a five-year budget projection be submitted. "If we are only 75 per cent accurate," he said, "this is better than figuring from year to year."

A five-year projection, he emphasized, would be more realistic and would enable taxpayers to know what they could expect in the future and what would be done for them educationally.

The district's current tax rate is $2.91 per $100 of assessed valution, an 18-cent boost over last year's rate.

Although trustees proposed various budget items for possible reduction, Greenwood explained that "the only place where you can make substantial savings is in the area of capital outlay and budget reserve."

He brought out, as he had at previous meetings, the need for a central warehouse where shops could be set up for glazing.

"With properly trained men," he said, "we could do many of our own jobs better and at less cost than a contractor could." Cost of glass replacement alone was $20,000 a year, he said.

On other budget items, Greenwood said a minimum of $30,000 should be held in reserve.

Trustee O. Wayne Douglas questioned the need next year for this amount since "the re-

Edward Morgan, superintendent of the Jefferson Union High School District, said yesterday he agrees with the suggestions and the criticism voiced by members of the Jefferson Federation Teachers Association at a press conference last week.

"I agree that the number one problem facing government is a complete review of the tax structure," said Morgan.

"We (the district) are making applications with the federal government in all the fields which we can qualify."

Morgan stressed the need for

NEED QUESTIONED

State Frowns On Sharp Park Span

A new pedestrian bridge over the freeway in the Sharp Park district of Pacifica seems to be hanging in mid-air.

At least, that's the impression Pacifica has received from state officials after the city formally requested the state to build the overpass, according to Kenneth Thompson, director of public works for Pacifica.

The city council tonight will discuss how it should justify the need for the overpass.

The State Division of Highways has told the city that the need for the structure does not appear sufficient to justify the cost.

The cost has been estimated by the state at $40,000 of which 50 per cent would be paid by Pacifica.

The city also has requested a traffic warning light be installed on the Coast Highway at Rockaway Beach. Thompson reports there has been no reply to the request.

In other business tonight, the city council will:

Consider the results of a San Mateo Housing Authority survey on needs for elderly citizens. A total of 115 households in Pacifica were found eligible and the agency suggests that the city request authority for 200 housing units. The agency would sponsor and procure the housing. A similar project exists in Half Moon Bay.

Consider a petition from 20 residents on Brighton Road in Sharp Park, requesting a return to two-way traffic.

Discuss a letter from Jane Dennison of 152 Santa Rosa Avenue. In the letter, Mrs. Dennison, who frequently attends council meetings, criticizes City Manager Karl Baldwin and his

serve is not as important where there is not extreme growth."

Greenwood replied the district was losing $40,000 in state aid because "we have not grown substantially."

He said he would discuss the budget work with board members individually before the district's next meeting.

In other action, the board suggested that the Daly City Council and the district's P-TA Council be asked to support the district's forthcoming bond election. A $3-million school bond issue will be voted on January 24. Proceeds would provide an intermediate school.

Dr. Earl Herald, superintendent of the Steinhart Aquarium, heads a citizens' committee that is also seeking support of the bond issue.

In other action, approval was given to noontime schoolyard supervision for the present year only. The cost will be $20,000.

Dr. Vinton Stratton, assistant superintendent, gave a progress report on a pilot program in spelling, inaugurated by teacher Parris Simmons.

Stratton said that the program, a new approach to spelling, will be initiated in all schools.

He said the program might be underwritten by federal funds.

At the conclusion of the meeting, a report on the status of federal aid programs to education was given by Stratton.

available at the association's office at 95 South Mayfair Avenue, Daly City, is free.

Frank reported that Mrs. Alyce Brachman, association secretary, has been getting "calls from a number of people in the Westlake area who want the information."

Frank and Mrs. Brachman plan to wait and see how many people come in for the information and then contact the rest by direct mail.

"We plan to make all the residents in that region aware of the situation and then see if we can't clear it up quickly," said Frank.

(Continued From Page 1)

done to ensure that the Jefferson High School district is receiving all the federal and state aid possible through the various governmental assistance programs. The tax system must be restructured to relieve the burden on property owners."

Nissem indicated that recent laws have served to notify school districts that they must prepare to provide education and "custodial care" for youngsters who previously might have been classed as uneducable.

"We must develop new patterns and techniques as well as a new curriculum for this previously neglected group. Traditional approaches have failed with this type of student, mainly because so many of these youngsters are non-verbal (lack the ability to communicate orally)," Nissem said.

"We are urging new curriculums, developed by the teachers who will be teaching these children, greater use of television in the classrooms and extensive expansion of the audio-visual approach to teaching."

"The recent law concerned with continuation schooling will give us an opportunity to develop an effective program if we approach the problems properly," Nissem said.

Members of the JDFTA referred to the New York pilot program, "Wide Scope," which was launched more than a year ago. Nissem indicated that while the eastern plan involved 10 schools in which class size has been reduced by one half, Jefferson might be able to find some aspects of the plan applicable to the local problem.

(Continued From Page 1)

federal aid to education by citing the increasing mobility of American society.

"There is no place in the country where a person can't get on a plane and within four or five hours be any place else in the nation that he wants to be.

"This mobility means that children from all over the country can come with their parents to any state they so desire."

He said he feels that it is in the "basic interests of the state of California to want children all over the nation to be well educated" because these children "might someday work or live in our state."

The superintendent recalled that when he first entered the teaching field 28 years ago, the local-state cost ratio for education was 40-60.

He reports that now, for the high school district, the ratio is about two to one against the local side.

(JUHSD currently receives $1.8 million from state and federal funds and takes in about $3.6 million from local tax sources.)

On the subject of increased aid from the federal government, Morgan said that the district is making applications in a number of fields, but that "application and approval of funds don't necessarily go together."

He cited the case of two district high schools, both of which needed the same equipment in their business education departments.

Oceana High School in Pacifica received the equipment but an identical request for Westmoor High School in Daly City was turned down.

Morgan concluded his comments by stating that, "Without a doubt, the one thing that is for sure in all this is that the property tax has had it now."

Up Is Not Down, Say D.C. Aides

Building activity in Daly City showed a sharp increase this week over the previous week—on paper, that is.

Red-faced officials of the Building Inspector's Office admitted they had erred last week in reporting that new construction in the city was down about 50 per cent from last year.

It seems, they said, that figures for the first six months of this year had not been included in the cumulative totals for the number of building permits issued and the estimated cost of new construction.

Last week, the department said that the estimated cost of new construction through the end of October was about $5.4 million, compared to $10.7 million for the comparable period a year ago.

The $5.4-million figure, however, represented only new construction since July 1. If $12.5 million in construction reported in the first six months of this year were included, the total would be $17.9 million or a 70 per cent increase in building this year.

As one department employe noted:

"Nobody even noticed the first six months were missing."

mountainside, and who sent several letters to City Clerk Arthur Rodondi.

Councilmen also revealed they would send an attack force to Sacramento in a try for state help in improving traffic conditions at Spruce and El Camino Real. The busier than ever roadway needs widening and the addition of "stacking" and turning lanes, they agreed.

Residents pointed out that there are several other areas in the city in which traffic is becoming unmanageable, and Police Chief John Fabbri reported on what is being done. He noted that difficulties in one area had improved after residents began circulating a petition regarding the problem.

Repair Costs for Colma School Under Study

No work has been started yet to repair fire damage at Colma Intermediate School, according to Principal Joel Franz.

The fire, which occurred November 15, destroyed the school's homemaking room and caused partial damage to an adjoining arts and crafts room, which is now in use again by classes.

Franz said contractors have been estimating the cost of repairs and bids are being accepted by the Jefferson Elementary School District.

traction, identical traction equipment will be set up on ambulance gurneys for the ride to the new building.

EACH PATIENT will have both a name card and an identification bracelet, designating the room and floor he is to be taken to upon arrival at the new Mary's Help.

All patient records will have been transferred previously and a full staff of nurses will be on duty at the opening hour Sunday to administer to patients' needs.

In conjunction with the transfer of patients, Civil Defense authorities in both San Francisco and San Mateo counties will man walkie-talkies and other emergency communications equipment to link the old hospital with the new building.

The authorities view the movement of patients as an ideal exercise to test Civil Defense programs that would be put into effect in the event of a disaster.

On arrival at the new Mary's Help, patients will be greeted by Sister Louise, administrator of the hospital. Thirteen nuns of the Daughters of Charity, in addition to Sister Louise, will oversee a staff of 550 employes.

Mayor Francis Pacelli and other officials of Daly City have been invited to help the administrator welcome the first arrivals.

SUNDAY'S OFFICIAL opening will have been preceded by a methodical transfer of equipment and supplies over the past weeks and by detailed orientation programs, designed to acquaint the staff with the intricacies of the new building.

The new building's central laundry is now in operation and has been handling the laundry for the old building for the past week.

The hospital's emergency outpatient department, considered by North County residents as one of the hospital's most vital features, is expected to be in full operation within a few days after the new building opens.

Assistant Administrator Hoban explained that the hospital staff wanted to "iron out any bugs" during the first few days the building was open before inaugurating a full-fledged emergency service.

He added, however, that the hospital would, as a matter of policy, treat anyone who came to Mary's Help, seeking emergency treatment.

Temple Plans Held Up After Coast Protest

An application of the Congregation of Anshe Shalom to hold services in a house on San Pablo Terrace was held for additional study by Pacifica planning commissioners Monday night after a delegation of neighbors protested the proposal.

Fire Chief Edwin Greer reported that the street on which the temple would face is too narrow to properly get fire equipment in and out during services, and that the building does not meet the fire code.

A building inspector's report noted that the existing building would require extensive remodeling before it would be suitable for church use.

A group of neighbors complained that the lack of parking would create a hazard and that noise from temple classes on Sunday would cause a nuisance.

Commissioners agreed to have further in[illegible] building before g[illegible] permit.

The commission approved a revised draft of a proposd zoning ordinance to include changes requested by city councilmen and sent the new law back to the council for final approval.

D.C.'s Annual Drive for the Needy

'Operation Santa' Is in High Gear

"Operation Santa Claus," Daly City's annual holiday drive to provide toys and foodstuffs for needy families, shifted into a higher gear this week as the city's firemen began distributing coin donation containers to area businesses.

Funds donated will be used to purchase canned goods. At present, firefighters are repairing toys and wheeled goods that will become a part of Christmas baskets destined for the needy families.

Above, Peter Markovich, one of four co-chairmen of the drive, holds one of the donation containers with a sign explaining the drive. Firemen flanking him, left to right, are Al Thuesen, Capt. Jerry Grey, Asst. Chief Keith Schrock, and Rich Merlo. Other co-chairmen are Schrock, Chief Herbert Ritzmann, and Ken Colvin.

Twenty-two civic and community organizations have joined hands to sponsor "Operation Santa Claus." Last year, 86 families with 363 children benefited from the program.

A SPECIAL PHONE

Anti-Suicide Unit Forms in County

A group of prominent San Mateo County citizens have joined together to form a sort of "suicides anonymous."

The idea, according to Coroner Paul B. Jensen, would be to provide a place where disturbed persons who fear they might take their own lives could receive expert consultation and understanding.

Jensen said he and Dr. Joseph J. Downing, program chief of county mental health services, got together originally on the idea and agreed that a committee should be formed to attempt to establish the service for would-be suicides. The committee has held several meetings, the coroner said, and still has the matter under study.

It has been agreed, Jensen said, that the agency should operate outside of any governmental connection.

The way the service would work, a person who considers himself a potential suicide would call a special number and would be referred to a counsellor, who would listen to his problems and attempt, through various methods, to suggest help.

Counsellors would be chosen on the basis of their training and experience in dealing with human problems.

Dr. Downing said that last year, San Mateo County had the third highest rate of suicides in the state and in 1960-61 led the state in suicides, percentage-wise.

There have been almost as many suicides in the county as traffic fatalities, Dr. Downing said. The nationwide ratio is about 1 to 2.

Deaths

Pacifica Tot Found Dead

A 2-month-old baby who had been suffering from a cold for several days died within minutes after her mother cared for her Thursday morning and then went into the kitchen to prepare breakfast, Pacifica police reported.

Efforts of a Pacifica fire department resuscitator squad to revive Brenda Lynn McCurdy, daughter of Larry and Joan McCurdy of 1620 Parmetto Avenue, failed.

The distraught mother told officers that she had taken care of the baby and had gone into the kitchen of the family's apartment when she heard the infant cry.

She rushed back to the crib and discovered the little girl turning blue. The infant was pronounced dead on arrival at Peninsula Hospital.

The father is employed at Conklin and Brothers in San Mateo. The couple has one other child, police reported.

GINO RAUGI

Gino Raugi, 77, of 414 Spruce Avenue, South San Francisco, died last Tuesday in a San Francisco hospital after an illness. He was a native of Spinate, Italy and a resident of this county 50 years.

Survivors include his wife, Guila; two daughters, Mrs. Edvige Souza, South San Francisco and Mrs. Eva Bertolozzi, Sonora; two sons, Elio, South San Francisco, and Peter, Atherton, four grandchildren, and one great-grandson.

He was a member of the Druids Lodge of South San Francisco, and Operaia Lodge of South San Francisco.

Funeral services were held Thursday at the Nauman & Lincoln Chapel. A requiem mass was held at Mater Dolorosa Church and entombment waa in Holy Cross Cemetery.

Residents Are New 'Citizens'

Among 59 residents of San Mateo County who were admitted to citizenship last week were two North County residents.

Howard Robert Ridd of 7880 Mission Street in Colma and Mina Clifford of 269 Catalina Avenue in Pacifica attended ceremonies held in the courtroom of Superior Judge J. A. Branson who administered the oath.

Crane Falls, Fire Erupts In Castings

More than $4,000 worth of equipment and several weeks of casting went up in smoke last Wednesday at the Grassi-American pre-cast concrete yard at 111 South Maple Avenue in South San Francisco. No one was injured.

The damage occured as a crane lifted a 15-ton concrete structural segment from its casting bed.

Operator John Collingwood and driver Robert Calvert told firemen the heavy load pulled the crane over.

As the huge concrete block dropped, it fractured an 11,000 gallon acid tank, company officials report, and damaged five or six other castings, which had taken weeks to produce.

Gasoline from the crane's tanks spilled over onto the hot engine manifolds, and burst into flame, which spread and blossomed as the liquid kept pouring from the tanks.

Firemen say the $4,000 crane, leased from Solvenson Equipment Company of South San Francisco by Sheedy Drayage for the Grassi - American job, was almost totally destroyed in the brief fire that followed.

Employes tried to extinguish the blaze with a 15-pound CO2 extinguisher, but their efforts were overwhelmed.

IT'S TAKEN us all fall to figure out that missing element in our neighborhood, but we've finally hit on it.

What ever happened to the block touch-tackle game? Could it be that this square generation is using playgrounds for their touch-tackle games?

What's the fun in that.

We lived across the street from a large, flat, lawned playground, but it was the challenge of playing on our car-lined, asphalt hill which drew us out of warm houses in even the most inclement weather.

There were many advantages to street touch-tackle as opposed to playground touch-tackle, the prime one being that there were no park directors around trying to organize us.

One distinct advantage was that any number could play. Well, not quite. We never tried one a side. But on days when there were a lot of dental appointments or detentions being served, it wasn't at all unusual to go with two a side. And during summer vacations, when there was an abundance of visitors around the block, we'd go with 12-14 a side.

Talk about scrambling. Anyone of six kids on our block would have made Fran Tarkenton look like Sitting Bull.

★ ★ ★

IT WAS never an inconvenience to allow strangers into the game, because there was no such thing as having to be in practice (we never practiced . . . everything counted), no signal calling to learn (when we wanted the ball centered, we yelled, "hike"), no intricate formations or plays to digest (the basic formation was an exaggerated "Shotgun," the basic play a "You go along," with variations purely accidental), and no mysteries as to who was best fitted for what position (short, fat kids were centers, other kids little enough to beat up played somewhere else on the line . . . "You hit that guy in front of you.")

Another tremendous advantage was the system of interchanging sides. Determination of first picker was simple. Whoever could first bust a street lamp with the football ...

Choices were made on the basis of popularity rather than talent, and the most popular guys were usually the toughest guys, just in case there was a big argument later in the game.

The team with the toughest guys would win the arguments. This negated any need for impartial judges.

The rules were gems of simplicity. Time outs occurred only when cars passed by or to wait for one of the little kids to quit crying over a split lip.

Games were over when it got dark or when the kid who owned the football got called in for dinner, whichever came first.

★ ★ ★

THE ONLY ground rules were the telephone wires and Mrs. Brusco's windows. When the ball hit the wires, IT was dead. When it hit Mrs. Brusco's window, WE were dead. Whoever was ahead at the point one of Mrs. Brusco's windows expired, won. Whoever was behind had to get the ball back. The individual who accomplished this feat got to be captain for his side the next day.

If the game was tied when any of the above described events occurred, the winner was determined by the fewest split lips.

We had on our particular team three players, who, if there were such a thing as a Block Touch-Tackle Hall of Fame, would certainly by this time be immortalized.

Our prime offensive weapon, Richie, was without doubt the greatest block touch-tackle pass receiver of all time. He was like a vacuum cleaner. Hit him anywhere on the body with the ball, including his head, and he'd come up with it.

And considering that he was only 4 feet 6-inches, we think you'd agree he was inch-for-inch probably the greatest receiver of all time at any classification.

Little Richie was the kind that inspired greatness. If it wasn't for him, George wouldn't have been one of the greatest all-time block T-T passers. Big George, you see, was 6 feet 4-inches, and became our passer because he was the only kid in the neighborhood who could spot Little Richie in a crowd.

A more intangible reason for George's greatness was his dog, Skipper. At a whistle from George, Skipper would dash from the shrubs on crucial plays and run between legs of opponents. Old Skipper sprung us on some of our greatest break-away runs.

★ ★ ★

OUR THIRD great was Paul. Only he wouldn't quite qualify for the Hall of Fame player section. He would more likely fit into the "Novelty Contributions" division.

Paul, you see, owned the ball, and as is always the way, was the worst athlete on the block.

So Paul's contribution was that he was probably the only player in the history of the sport who played every game on the side-line stripes. We'd send him out there and tell him he was a "sleeper," and every once in a while when he'd start getting sore for not being in on more plays, we'd toss him one out of bounds and he'd be hapy for a while.

He never realized that he had never been in on a legal lay.

Those were the days.

★ ★ ★

THE BIGGEST athletic event to hit the North Coast since yesterday's trampoline exhibition by the sixth grade girls of Ortega Elementary School will occur Saturday night at Terra Nova High School's gym when the Tiger Faculty meets the touring KYA Radio Oneders in the name of charity. It couldn't possibly be in the name of anything else.

Terra Nova's faculty, which scores points about as often as Chou En Lie goes to mass, is not in for a laugher.

Not only do the radio boys have on their roster some men who ACTUALLY played competitive basketball. but one of them, center Joe Durrenberger (6'7, 215) was All South West Conference at Rice, where he was the team's captain, leading rebounder and scorer for three years. The only problem he should have is avoid sniper fire from Tiger Faculty sharpshooters located at strategic points in the stands.

Another KYA star is Johnny Holliday, who holds hih school records of 41 and 44 points in single games, and who scored 700 points (23 point average) while playing against faculty teams in New York last year.

Terra NOVA WILL have sharpshooting Don Delbon, former Oregon star and Jeff all-conference everything in his Daly City schoolboy days. And they'll need him. Yours truly, incidentally, will be on the public address.

E.C. Must Solve Questions

A Rugged Cage Trio

(This is the second in a series of articles on North Peninsula League basketball teams and their prospects for the 1965-66 season.)

By JOHN HORGAN

AFTER EXPERIENCING a dreadful 1964-65 season, the El Camino High School cage forces are readying themselves for the North Peninsula League hoop wars with a number of key question marks.

Any chance the Colts of new coach Warren Hagbert have of improving their 5-14 season mark and 2-7 league log of last year depend on a variety of factors:

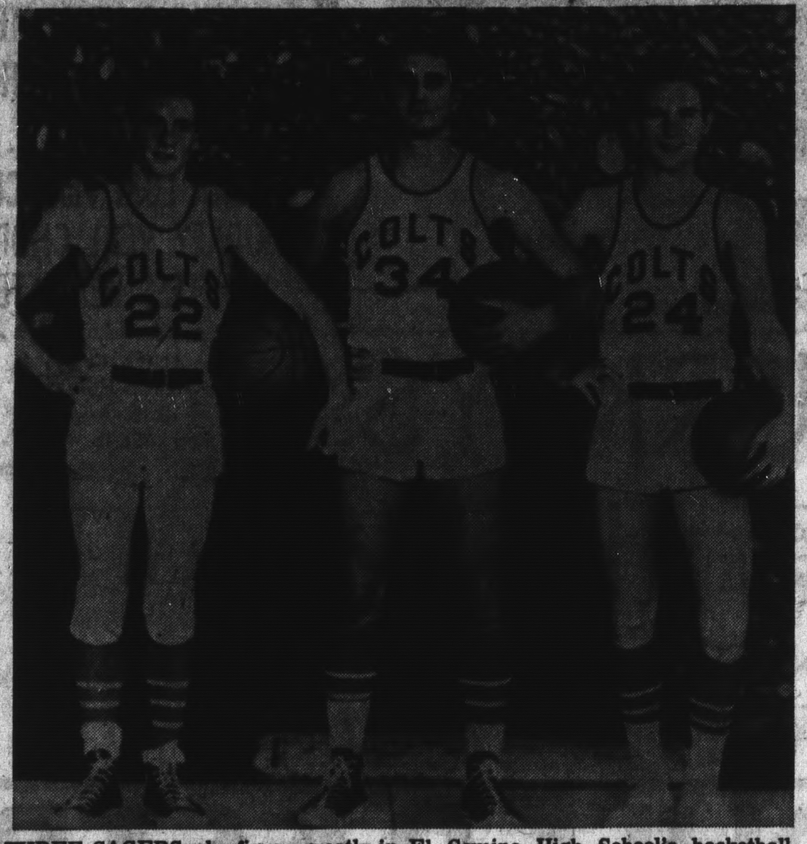
The ability of good sophomores to come through when the NPL begins actual firing.

The maturation of center Ed Green, a 6-6, 290-pound giant, who must become a real force in the middle on both offense and defense.

The gaining of necessary experience in the team's few practice games by several newcomers and veterans who saw little action last season.

The meshing of the club's little men into a good and quick running team to take advantage of their superior speed.

The ability of seven players off the football team to shake off the inevitable "grid muscles" prior to the league season.



THREE CAGERS who figure greatly in El Camino High School's basketball plans for the coming season are, left to right: Gordon Sanoff, Mick Ackley and Dick Williams. Colt coach Warren Hagberg is counting on this trio for double figures in every game this year. (Post-Times Photo)

HAGBERG MAKES no bones of what his main concern is: "without a doubt, inexperience is our biggest problem."

But Hagberg, who took the departed Gary Kenny (who now coaches across the Bay at Castro Valley High School), has some big pluses going for him this campaign.

Three players in particular stand out for the Colts: Mickey Ackley, a 6-1 senior; Rich Williams, a 5-11 senior, and Gordon Sanoff, a 5-7 junior.

All of them, according to Hagberg, "are capable of scoring in double figures in any game."

But the Colts need more than three men to threaten South San Francisco and Jefferson for the NPL crown.

GREEN, a potentially fine center who lacks good mobility and jumping ability, is backed up by senior Rich Swain, a 6-4 prospect off the junior varsity. If Green fails to make it, Swain will get the call.

Two good soph candidates, Bill Godkin, 6-1, and Terry O'Bannion, 6-2, are expected to add a great deal to the pounder, has already shown EC attack. O'Bannion, a 200-aggressiveness in early pre-league games.

Other squad members who will see action this year are: Tom Kelly, 6-0; Skip Nemes, 6-0; and Tom Portolan, 5-10.

In the 1964-65 season, the Colts suffered from a variety of cage miseries, many of which ought to be cleared up this year.

A poor shooting club last year, the EC five is figured on hitting far better this time out, and, as Hagberg put it, "on a given night we can take on the best of them."

THE COLT mentor rates Williams (a lefty) as the best outside shot on the team with Sanoff not far behind. Williams, along with Ackley, got some All League mention last year.

Analyzing the coming league struggle, Hagberg theorizes that "South S. F. will be real tough since they have their whole team back for another crack at the title. Jefferson ought to make life tough for everybody, too."

Hagberg is carrying 15 boys on the varsity this time and hopes to find the right nucleus before the first NPL contest.

Unfortunately, with only in the NPL, the Colts haven't much time for experimentation.

Cagers Set For A Rugged Week

North Peninsula League basketball teams, experiencing difficulty during their first week of practice play, play almost a full slate of games this week.

Heading the list of non-circuit encounters is today's South San Francisco invasion of San Mateo for a game with the rugged and two-time Mid-Peninsula League champ Bearcats.

Bill Purcell's Warriors, who upset the 'Cats last year in South San Francisco, will have all they can handle in San Mateo.

The game might well be a tilt between the eventual champions of their respective leagues. Both fives are heavy favorites in their own loops.

In other games this week:

Jefferson opens an seven-game practice slate with a test with Burlingame this afternoon in Daly City.

Friday afternoon Terra Nova travels over the mountains to duel Crestmoor in San Bruno, Westmoor is at Mills, and El Camino buses down to Menlo School.

Friday night, Oceana makes the long trek to Santa Cruz to tackle Holy Cross, Half Moon Bay is at Pescadero (a new entry in the county prep derby) and South San Francisco hosts strong Mission of San Francisco.

Tuesday afternoon Terra Nova journeys to Lick-Wilmerding, Riordan of San Francisco is at Westmoor, Oceana hosts Menlo School, and El Camino travels across the Bay to San Lorenzo.

Tuesday night Half Moon Bay hosts Pescadero to close out their 1965 series of Coast-side encounters.

NPL cage units will have to go all out this week to make first round of non-league games.

In six games, league schools managed only one win outside the circuit and one victory against an alumni team.

El Camino scored the most important win of the campaign Friday night in South San Francisco with a convincing 69-58 victory over a rangy Burlingame outfit.

S.S.F. CLOSES YEAR

The 'Jones Era' Comes to an End

(The prep football season is over, but the memory of seeing one of the truly great running backs in county history remains. Post-Times sportswriter, Garry Niver, covered the Thanksgiving Day El Camino vs. South San Francisco football game and writes about his impressions of that player: SSF's Greg Jones.)

By GARRY NIVER

A wet and tired Greg Jones, his number completely blotted out by the mud, mounted a locker at the east end of the Warrior dressing room and wrote a big "34" in front of the words "South S.F."

A rousing cheer went up from the muddy audience as Jones inked in the finish to the Warriors' first undefeated season since 1942 and signified the final chapter of one of the most fabulous prep football careers in the annals of South San Francisco High School history ever enjoyed by a prep gridder.

As Jones, blinking from the mud encased on his eyelashes, etched in the final "o" behind the words El Camino, pandemonium broke out against the steel lockers.

"It was sure a great one to win," replied the soft-spoken youngster. "It is the best season I ever had and the best season I think that South City has ever had," Jones added.

The Warrior halfback, who has had as many offers to a college as Willie Shoemaker has to ride a horse, is still undecided about which college or university will be blessed with his ability.

"Cal, UCLA, Stanford and USC are all high on my list, but I haven't decided yet," he admitted.

Old grads, such as Steve Anderson and Bill Dickey, stormed into the dressing room to congratulate the team.

Over in the corner head coach Ray DeJong, ringing the water out of his striped necktie, and adept assistants Marv Ashby and Bob Warfield, sat pondering how they were going to explain their wet clothes to their wives. They kept dry on the field but the team insisted on a fully clothed victory shower for all three following the win.

"We came to play football today," said DeJong. "Tell that to the fans."

"This is one of my most joyous moments at South San Francisco," said the former Cal Rose Bowl player who has coached the Warriors for 16 years.

One of the proudest old grads in the locker room following the game was Chokie Moro, a Warrior gridder of the 1945 vintage.

Moro had just witnessed his son, Johnny, engineer the final game of the finest grid season in their history.

"It was a great game. It really feels good to win this one," said young John, as mud dripped off jersey number 13.

"Now I would like to see that other paper rate us number two on the Peninsula," he added.

Showers hissed and bare backs echoed from slaps as it was finally realized that the last game was over and nobody, but nobody, would be able to take victory from them.

Paintings will be shown of works by Murillo, Botticelli, Da Vinci, Giotto, Velasques, El Greco, Michelangelo, Rafael, Durer, and Fra Angelico.

Services Set By Lutherans

Two Family Christmas Carol services will be held at Westlake Lutheran Church Sunday, and December 19 at 6:30 p.m. for the families of the congregation and Sunday school.

His sermon topic will be "Divine Judgment and a Pragmatic Program."

Temple Judea's gift shop will remain open from 10 a.m. to noon Sunday so that Chanukah items may be purchased before the holy day.

Adventists' Aim Is $300

Christmas music will be conveyed to the doorsteps of Pacifica residents when the local Seventh-day Adventist Church launches its 62nd World Service Appeal.

A door-to-door canvass of the community will be conducted by members of the local church in a four-week drive to reach the church's $300 goal this year. Funds will go toward extending medical, welfare, and educational services in 188 countries and the United States.

Leading the volunteers in the city-wide drive is A. Clegg Rees, director of lay activities for the Pacifica church.

On a world basis the church's 1.5 million members last year aided over eight million persons, distributed over eight million articles of clothing, donated ten million hours of volunteer time, and contributed $2.5 million in cash and food in the church's welfare program.

About half the aid was given in the U.S.

Sugar... 'n' Spice

By NELL NORTON

THE BEST gift you can give for Christmas is a gift you make yourself, do you agree? Apparently many people do agree, because cookies, candy and cake making will be in full swing soon. Personally, I find cookies the most fun to make and give; they are fun to bake and decorate and there are so many varities that your gift is as pretty as it is tasty. However, a cake beautifully frosted and decorated can be a gift to delight as well. This week we shall talk about cake giving and next week cookies and candy will be the subject of our visit.

We shall start off with some fruit cakes, since Christmas seems to make these cakes so appealing. The first cake is an applesauce cake that is moist and delicious, has a crusty top of nuts and sugar and that makes a large cake.

APPLESAUCE CAKE

2 cups sifted cake flour
1½ cups sugar
2 tablespoons cocoa
1½ teaspoons salt
½ teaspoon each, cinnamon, nutmeg, cloves and allspice
1½ cups unsweetened applesauce
½ cup shortening
2 eggs, unbeaten
1½ cup raisins, chopped
¾ cup nuts, chopped

TOPPING

2 tablespoons sugar
¼ cup nuts, chopped

Sift flour, sugar, soda, salt, cocoa and spices into mixing bowl. Add shortening and applesauce, beat two minutes at medium speed in mixer (or 200 strokes by hand). Scrape bowl and beaters. Add eggs, beat two minutes at medium speed. Add nuts and raisins and blend thoroughly. Pour into generously greased and floured tube pan. Sprinkle topping over batter. Bake in 350-degree oven for one hour and 20 to 25 minutes.

☆ ☆ ☆

ALASKA MINCEMEAT PIE

1 package dry mincemeat
2 cups water
1¾ cups sugar
¾ cup shortening

Place the dry mincemeat, broken in pieces, in a large saucepan; add the water, sugar and shortening. Bring to a rolling boil, boil three minutes, stirring occasionally. Remove from heat and cool.

3¼ cups sifted flour
2 teaspoons soda
1 teaspoon salt
½ cup nuts, chopped

Sift together, flour, soda, salt. Add to the cold mincemeat mixture; blend well and lastly stir in nuts. Turn into nine-or ten-inch tube pan, which has been well greased and floured on the bottom only. (To make sure it wouldn't stick, I also put one layer of waxed paper on the bottom.) Bake in moderate oven (375 degrees) 60 to 70 minutes for a nine-inch pan; 55 to 65 minutes for a 10-inch pan.

Cool in pan about one hour before turning out. Cool thoroughly (about six hours) and sprinkle with confectioners' sugar before slicing.

☆ ☆ ☆

TO MAKE A frosted cake is not a great trick in these days of mixes for cakes and frostings. You can add your own artistic touch and that's what will make the great difference. For example, on a chocolate cake with white frosting, do the top with chocolate bits (the children will love it).

An angelfood cake with seven-minute frosting becomes quite an eye-catcher when you dot it with gumdrops of red and green. Everyone has an artistic touch, just let your imagination roam and you'll create a masterpiece that will make a wonderful gift.

Speaking of using mixes, this poppy-seed cake is made from a mix and it's so delicious I want to share it with you. It would make a pretty gift cake.

N. County Couple To Be Married

The engagement of Karen Louise O'Toole and James Dykes McKowan was announced last week at the San Bruno home of the bride-elect's mother, Mrs. Thelma O'Toole.

James is the son of Mr. and Mrs. Ralph E. McKowan of South San Francisco and brother of Mrs. James Janakes. He is an alumnus of South San Francisco High School.

Karen, an alumnae of Capuchino High School, has one sister, Lynne O'Toole.

The couple plan to marry as soon as the bridegroom-elect completes his service with the United States Army.

DAR Will Hold Christmas Lunch

Mrs. Herbert W. Hopkins of Daly City, regent of the Presidio Chapter, Daughters of the American Revolution, announces that a Christmas buffet luncheon will be held at noon Saturday at the Marines' Memorial Club, San Francisco.

Guests of members are invited.

There will be a gift sale under the direction of Mrs. Frances A. Slettum, chairman of the businesswoman's group.

Mrs. Harvey B. Lyon, California state regent, will be guest speaker. She presided at the Northern Council meeting in Berkeley at the Claremont Hotel last week.

The meeting will close with Christmas carols.

Fuchsia Society To Hold Annual Party

Members of the Pacifica Branch of the American Fuchsia Society will hold their annual Christmas dinner and party at the Bayshore Bowling Alley in South San Francisco at 7 p.m. Saturday.

Mrs. Bessie Gibson, past president of the society, will install new officers. They are: Mrs. Doris Beaumont, president; Chris Christenson, first vice president; Mrs. Nola Capps, second vice president; Mrs. Clara Christenson, recording secretary; Mrs. Olive Prentice, corresponding secretary, and Elijah Gentry, treasurer.

Mrs. Bessie Attenisia will be the hostess for the event.

Judea Temple To Hold a Luncheon

A dessert luncheon meeting will be held in Fellowship Hall of Temple Judea at 12:30 p.m. Tuesday, during which the Sisterhood cookbook preview of "The Koch Loeffel" will be held.

Chairman Anne Ight has promised cooking demonstrations and samples.

During the afternoon a bake sale will be held. Mrs. Ruth Kahn is chairman.

They're Engaged

KAREN O'TOOLE AND JAMES McKOWAN

QUICK TOPPING

Easy way to top a cake-mix cake, is to allow the cake to bake about 15 minutes and then sprinkle the top with a combination of cinnamon and sugar plus finely chopped walnuts or pecans. Keep the cinnamon-sugar mixture on hand for such cake use, for topping French toast and for making a cinnamon toast.

Spindrift Playhouse To Feature Two D.C. Men

Two Daly City residents are featured in the cast of "No Exit," the Jean-Paul Sartre drama to be presented by the Spindrift Playhouse in Pacifica next month.

Aubrey Lumley of 1046 Gilman Drive, will play Cradeau, a disillusioned French newspaperman who has collaborated with the Nazis and was executed by his comrades. He appears in hell as one of three condemned forever to be with one another in one room.

Lumley was active in the Porterviliel Barn Theatre in Porterville where he was awarded an special trophy as best supporting actor in Bret Harte's "M'Liss." Other appearances were in "Antigone," "Stalag 17," and "Our Town."

While at San Francisco State College, Lumley acted in "The Emperor Jones."

Richard Nick of 30 Poncetta Drive, will enact the role of a bellhop who ushers people into their place in hell. He brings to the Pacifica production a background of drama activity while in Orleans, France, with the U. S. Army, where he served in the adjutant-general's office. He appeared in the military production of "Brother Orchid."

While at school in Lindstrom Minn., he acted in Booth Tarkington's "Seventeen" and other plays. He also was a prize winner in a school oratorical contest.

Paul Hupf Leads March of Dimes

Paul M. Hupf, was named Campaign Director for the 1966 March of Dimes campaign to be held in January, by Mr. James J. Kehoe, chapter chairman, recently.

Married to Virginia Schroeder of San Francisco, Hupf lives with his wife and two daughters, Christina and Cathy, at 648 North Mayfair Drive in Daly City.

A new member of the March of Dimes board of directors, Hupf, belongs to San Mateo Bar Association, to the State Bar Association, Daly City Rotary Club (past president), Daly City Chamber of Commerce.

Having done his undergraduate work at Canisius College, Buffalo, N.Y., he attended the University of San Francisco in 1948 and was admitted to the Bar, in January, 1949.

Elected City Councilman of Daly City in 1956, he became City Attorney of Daly City in 1957 and is now serving in this capacity.

"I believe there is nothing more important than making sure every baby born in this country has the best chance to develop into a normal, healthy person.

"That's why I'm working to see that we have a successful drive here this January," declared Hupf as he accepted the San Mateo County chairmanship of the 1966 March of Dimes campaign to fight birth defects.

"The shocking fact that the nation's recent German measles epidemic will be responsible for between 15,000 and 20,000 birth defects babies this year should remind us all of the seriousness of the birth defect problem,"

"German measles despite this heavy toll, is responsible for only a few of the many hundred brith defects known to medical science—defects which occur in an estimated 250,000 American babies each year," he added.

Hupf pointed out that March of Dimes-supported scientists have been at work on the German measles problem for some time and that $316,852 in March of Dimes funds is now going into accelerated research to perfect a vaccine.

While supporting this and other scientific investigations into birth defects, the March of Dimes is also expanding what is already the largest single national source of private support for the diagnosis and treatment of birth defect victims. Now in operation at medical schools and community hospitals are more than 50 centers where medical experts are developing better methods of treating children with birth defects.

"It's not enough just to be against birth defects," concluded Hupf. "We must be for babies who survive normally, and for the best possible care of babies who are born defective.

"I feel this is what the March of Dimes is all about."

College Site Committee To Hear Public

The public will have a chance Wednesday to express itself on where the new state college to be built someday in this area should be located.

A team of experts from the California State Colleges, headed by Chancellor Glenn Dumke, is scheduled in the Board of Supervisors room at the County Government Center, Redwood City, with a San Mateo County site selection committee headed by Eugene Elkus, and five members of the Santa Clara County committee.

At 5 p.m., following the meeting of the three groups, the public will be given a chance to present its views.

Accompanying the state group will be Harry Harmon, chairman of the facilities planning division, and architect Mario Ciampi.

The legislature has approved a state college for the area between Belmont and Sunnyvale but no funds have been appropriated for construction.

Campaign Starts To Aid Vietnamese

A drive has been launched in the San Mateo-Burlingame area to collect needed items for distribution to the people of South Viet Nam villages by U.S. soldiers.

Ed Strother, president of the San Mateo Junior Chamber of Commerce, Dick Estrada, president of the Tri-City Young Republicans and Bob Worthington, president of the Burlingame Jaycees, announced the campaign today.

Needed are food, children's clothing, medical supplies, toys, school supplies, hand tools, items for personal hygiene, needles, thread, buttons, scissors and many other items, preferably new but acceptable in good, used condition.

The three groups working together have arranged for space at Reynolds & Co., 111 Fifth Avenue, San Mateo and Peninsula National Bank, Burlingame to collect donations for packing and transportation by truck to the embarkation point in Oakland. An intensive effort will be made between now and December 19 to contact as many organizations in this area as possible, encouraging them to conduct their own collection programs and turn the supplies over to the YR's or Jaycees. Those who wish to contribute but are not able to bring their donations to the central collection point may call Ed Strother, 2509 Branson Drive, San Mateo; Bob Worthington, 1556 Vancouver Avenue, Burlingame; Dwane Brenneman, 600 Alameda de las Pulgas, Belmont; Dick Estrada, 45 Shelford Avenue, San Carlos; Al Cope, 1541 Dale Avenue, San Mateo, and Steve Schaidach, 36 McAker Court, San Mateo.

Arrangements will be made to pick up the material. All material should be packed in sturdy containers suitable for shipping, with the name of the donor, the city and state, and the type of contents plainly marked on the outside. All contributions are tax deductible.

The drive is part of a nationwide project called, America's Christmas Train and Trucks, being sponsored and carried out by the U.S. Jaycees, the National Young Republicans, and the National Young Democrats. Jim Skidmore, president of the U.S. Jaycees announced in a recent statement to local Junior Chamber presidents the incorporation of ACTT in the District of Columbia with Raymond Burr acting as national chairman. Quoting Skidmore's statement, San Mateo Junior Chamber President Ed Strother described the formation of ACTT as "a practical opportunity for churches, schools, trade organizations, service clubs, fraternities, large and small companies, and individuals to give a strong positive display of their commitment to the people of Viet Nam." Strother went on to say that ACTT has arranged for a symbol train to leave Washington, D.C., on December 12 heading for Oakland and making stops at scheduled cities throughout the nation (Harrisburg, Pittsburgh, Indianapolis, Chicago, Des Moines, Omaha, Denver and Salt Lake City) to pick up contributions brought in by truck or regularly scheduled train from areas not on the symbol train route. Local Junior Chamber YR and YD groups will organize collection of material to be trucked from these areas to the nearest main-line pickup center.

The main ACTT train will arrive in Oakland on December 20, at which time the material will be loaded on a ship scheduled to leave for Viet Nam on Christmas Day. Both the American Trucking Association and the American Association of Railroads are co-operating with ACTT in their effort to reach a goal of 100 carloads of supplies.

Plane Stolen At Airport

Someone literally took off with Richard Stevens' 1961 single-engine Comanche airplane from San Carlos Airport Saturday with San Carlos police conceding "it would be too large to tow away."

The plane was last seen by Stevens at 5 p.m. Friday on the wash ramp at the south end of the airport, he told police, then it was gone at 1 p.m. Saturday when he returned. It was locked, he had the only keys, and none of his friends knew anything about it, he added.

Valued at $14,500, the plane is white with chocolate-colored trim, with registration number N7151P painted on it, police said. Stevens, 31, 3129 La Selva San Mateo, is an aircraft instructor.

Chestmobile Open For County X-Rays

As you use the 1965 Christmas Seals you've purchased to aid the fight against tuberculosis and other serious respiratory diseases, let them remind you to ask yourself one question:

Have you had your own chest X-rayed recently?

An annual checkup of this type is advised for all persons 15 years of age and older to permit early detection of TB, lung cancer and enlarged heart.

If too much time has gone by since your last X-ray, perhaps you can take advantage during December of the free service offered by the mobile unit of the Tuberculosis and Respiratory Disease Association of San Mateo County.

Chestmobile's schedule for public X-rays is as follows:

San Mateo—In front of the association office, 2250 Palm Avenue, from 1-5 p.m. on December 6, 13, and 20.

East Palo Alto—At curb outside of Ernie's Liquors, 1991 University Avenue, from noon to 6 p.m. on Decembre 7.

Menlo Park—Municipal parking lot behind the Sprouse-Reitz store at 640 Santa Cruz Avenue, from noon to 6 p.m. on December 8.

Redwood City—At curb outside the courthouse at Hamilton and Broadway, from noon to 6 p.m. on December 9 and 10.

Belmont—At curb in front of post office on Ralston Avenue, from noon to 6 p.m. on December 14.

Burlingame — Primrose Road and Burlingame Avenue, from noon to 6 p.m. on December 15 and 16, and at La Cruz and Broadway, Millbrae, noon to 6 p.m. December 17.

San Bruno—At 420 San Mateo Avenue, from 1 to 6 p.m. on December 21.

South San Francisco—At curb in front of Colombo's Liquors, 507 Linden Avenue, from 1 to 6 p.m. on December 22.

Noisy Army Jet Wakens North County

Noise of an Army jet transport plane routed hundreds of North County residents from their beds just after midnight last night.

San Francisco International Airport officials reported the plane was a four-jet Boeing 707 carrying military personnel, and that it was not in trouble.

"Its altitude was entirely normal," one official said.

Those aroused from slumber reported, however, that the plane sounded as though it was quite low and in trouble.

The problem, said airport officials, is that military jets apparently are not equipped with the noise suppressors which are required on civilian planes.

Dozens of awakened citizens, telephoning police departments in South San Francisco, Daly City, and San Bruno, and the airport operations office, complained that the noise sounded more like a diesel truck roaring through their bedrooms.

Federal Aviation Authority officials said they would like to talk with the pilot, but not about his noisy plane.

The pilot neglected to get proper take-off clearance, they commented, and could have caused an air disaster.

'Driverless' Car Spotted On Freeway

Highway Patrolman Ronald Acosta did a double take while patrolling on Bayshore Freeway in Burlingame Sunday afternoon.

Was that really a driverless car going northbound in all that traffic?

Acosta could see a man in the passenger side but no one behind the wheel.

When he got closer, however, he saw that there was a boy—a small, red-headed boy—at the controls.

"All you could see," the officer reported, "was the red top of his head."

Acosta stopped the car and the man in the passenger seat, Theodore D. Kellan, 43, of 750 Mill Road, Half Moon Bay, explained that he was teaching his son to drive. Which might have been all right, Acosta said, except that Theodore Jr. is only 13.

Acosta cited the boy for driving without a license and wrote out another ticket for the father for permitting him to do so.

Face Bruised By Pool Cue

A South San Francisco man was arrested late Saturday night for allegedly whacking another man across the face with a pool cue.

Booked on a charge of assault with a deadly weapon was Henry Wayne Watson, 32, 150 Gardiner Avenue.

Treated for bruises about the face was William Reeves Gregg Jr., 39, 146 Gardiner Avenue.

Officers said the altercation took place at the "57 Club" at 101 Airport Boulevard about 10 p.m.

Office Open At Night

San Mateo Social Security office will be open evenings from 4:30 to 8 p.m. Thursday, December 9, 16, and 23, and on Saturday morning from 8:30 a.m. to 12:30 p.m., December 11 and 18, Miss Angelyn Mitchell, assistant manager, announced today.

"These additional hours of service are for those persons who are still working at age 65 or over and who should file their claims for medicare coverage," Miss Mitchell stated. "In order to qualify for medicare they need to file their claims before March 31, 1966, since, if they take the medical insurance coverage and do not file by that date they will have to wait until the end of 1967."

By filing their claims now, even though monthly benefits cannot be paid because of the level of their earnings and the steadiness of the work, they will qualify and be ready for hospital benefits which become available July 1, 1966. At the same time they can sign up for the medical insurance coverage.

"We are glad to afford this opportunity to those still working so they need not lose time from work. Those whose names begin with the letters A through M should come to 2211 Palm Avenue, San Mateo, and those for the letters N through Z, to our annex at 2251 Palm," Miss Mitchell said.

Marina Library Needs Help

An opportunity to assist the Marina Branch Library, now under construction is being offered to anyone who wants to help.

Sear's Christmas Gift Wrapping Booth this year will be staffed by volunteers who wish to contribute a few hours of their time for the benefit of the library. All proceeds from the gift wrapping concession will go to the library. Funds will be used for special books and furnishings.

No experience is necessary. There are four shifts a day so almost any schedule can be met. Call Mrs. Benjamin Simpson, Co-ordinator of volunteers or Mrs. John D. Outzen, for information about hours and any other questions.

Among the groups participating are: Hillsdale Manor Homes Association, Marina Lagoon Homeowners Association, Lakeshore P-TA, Parkside P-TA, Albion H. Horrall P-TA, North Shoreview P-TA, Sunnybrae P-TA, Fiesta Gardens P-TA, San Mateo Power Boating and Ski Club, San Mateo Junior Women's Club, Friends of the San Mateo Public Library, San Mateo Parents Co-Op Nursery School and Teenage Volunteers from Hillsdale and San Mateo High Schools.

Opportunity Center Opens

Ashley Cooke, executive director pro tem, at Opportunities Industrialization Center West, 1100 O'Brien Drive, Menlo Park, announced today that the center's facilities are now in full operation.

The doors are open 9 a.m. to 5 p.m. and from 7 p.m. to 10 p.m. to all who are interested in receiving training. Any person, whether he has signed with the program or not, is urged to come in and complete his registration.

On Monday, December 13, at 1 p.m., an important orientation meeting will explain the future development of the center to the applicants. Counselors will assign over 100 students to classes.

English Carol Delights Coast School Audience

A humorous, choral version of "A Partridge in a Pear Tree," and the first performance of a combined elementary school band highlighted an annual Christmas program at Sharp Park Elementary School in Pacifica Thursday evening.

Rudy Salvini, music teacher for Westview, Sharp Park and Vallemar Schools, led the band which was composed of students from all three schools.

Mrs. Sue Villarreal, Sharp Park teacher, was choral director. She said she had hoped the audience would find their interpretation of the old English carol amusing. Soloist was Lois McDonald.

Teacher Le Roy Maule was piano accompanist for several of the songs. In others, the band accompanied the chorus.

At the conclusion of the program, $20 was donated by the P-TA to help Sharp Park School clean up what Principal Thomas Collins called, the "weed patch" on the school grounds.

GETTING ALL that early holiday baking done? Have you had time to make all of those fancy little decorations that you wanted to scatter about your home during Christmastide?

How about the candies you wanted to stir up in November and put away for treats when youngsters come to call this month? Are they all boxed?

Could it be that you haven't had time to "run up" that apron you wanted to send to your aunt back East or decorate a tote bag for the baby-sitter who would love it as a Christmas remembrance from "her little angels?"

Chances are that most of us are running well behind our planned agenda when it comes to making the little trifles that make the holiday season so much gayer and traditional. But don't decide to forget the extras yet! The ladies of Our Lady of Mercy Parish may be able to come to the rescue for they are preparing their annual parish cookie, candy and gift sale which has been combined with the usual holiday decorations sale and both events will be held Sunday in the Parish Hall following all masses.

Committeewomen, working under the direction of **Mrs. William Coen,** and **Mrs. Alfred Sontog,** have prepared a wide variety of gift ideas, a huge selection of baked goods (which will come with recipes attached), and some delightfully appealing decorations, which will be sold to help raise funds for the annual festival in the spring.

THIRTY-THREE members of the Daly City Community Chorus wound up several months of preparations last week and taped their annual Christmas concert for television station KRON on Thursday evening.

According to chorus director **Mrs. Pati Stolz,** this is the third year the group has done such a show for television and the city was able to send the largest contingent of vocalizing talent in its history.

In addition to the adults the show will feature the charm of youthful **Dirk Elliott, Lori Vincent, Sherrice Stolz and Valerie Zamora.** According to Mrs. Stolz the youngsters will make the huge living room setting appear homelike as they stare in wonder at the Christmas tree, listen with rapt attention to songs of Santa Claus and his magic and ad lib comments about Christmas. Special reward for the young troopers was a visit with Mayor Art and a tour about the set of his afternoon kiddie show.

The theme for the production is to be "Christmas Was Meant for Children" and it will feature a wide selection of songs for the season. Of special interest will be the traditional "Wind Through the Olive Tree" and the unusual Japanese Christmas Carol.

The exact time and day are yet to be set so watch your television log. Tentative plans call for the tape to be aired either Christmas eve or Christmas day, Mrs. Stolz said.

J.C. Penney Employees Get Payment

Associates at the Westlake J. C. Penney Company department store received a special Christmas payment last week.

Manager Don Davis explained that the payment will go to regular and part-time associates employed on or before Dec. 31, 1964, with the exception of members of the management staff.

Davis said, "The special Christmas payment is one of many benefits available to Penney associates. It is offered as further testimony of the company's interest in the welfare of the people who contribute so much to our operation."

The payment this year is in addition to regular company provisions for sick benefits, medical insurance, non-contributory group life insurance, Penco Profit - Sharing Retirement Plan, and discounts on purchases.

Building Is 'Up' for D.C. In November

Building activity in Daly City for the month of November is up nearly three times over the same period in 1964, according to figures released by the Daly City building inspector.

Valuation for permits issued for last month equalled over $2.7 million. For the same time span last year, the total was only $930,000.

By far the major cause of this marked increase was the evaluation for the new city hall which totalled nearly $2.2 million.

For the whole year building activity in Daly City is "up" nearly 100 per cent.

As of the end of November, estimated cost of new construction for the year has totalled over $20.6 million, compared to $11.6 million for the same period in 1964.

A major cause for the marked upsurge in total valuation in November is the cost for new dwellings.

The 1965 total for this section of building activity was nearly $480 thousand. The 1964 total was only $72 thousand.

Construction of new apartments was "down" last month from the $481,000 of 1964. According to the figures, Daly City has not had any new apartment construction since August.

'Battle of Bands' Won By Del Rays

The Del Rays were winners of a teen band contest sponsored by the Pacifica Branch of the Civil Air Patrol.

Three bands competed in the "battle" held at Cabrillo School in Pacifica. Ballots choosing the top favorite were cast by a predominantly teen-age audience.

Mrs. Donna Starr, captain of CAP Squadron 102, said The Del Rays were "nice appearing and had a good beat."

She said that the CAP had a dual purpose in sponsoring the contest. The group wanted to choose a good band for its annual "Blue and Gold" private military ball and it needed to raise funds.

Competing in the play-off were The Em-Dees and The Confidentials.

CTA Cites Two Districts

The California Teachers' Association has listed the Jefferson Union High School District and the South San Francisco High School District as 2 of 30 salary leaders in the San Francisco Bay Area.

The two local districts were named for the third consecutive year.

RING MISSING

Julie Brand of 430 Winchester Street, Daly City, reported to police last week the loss or theft or her diamond engagement ring.

Past Colma Postmaster Is Honored

After 30 years in the postal service, Frank Michelletti, former Colma postmaster has retired.

Fifty of his fellow workers honored him at a retirement dinner at Toto's Restaurant.

Highlight of the evening was the presentation of an honorary certificate of retirement from the Post Office Department, given to Michelletti on behalf of the Postmaster General by Daly City Postmaster Vincent P. Murphy.

Michelletti was appointed postmaster of Colma and served in that capacity until the Colma office was taken over by San Francisco. He then served as superintendent of the Hunter's Point Station in San Francisco.

When Daly City and Colma received their autonomy as an independent post office, Michelletti returned to the Colma station, and then completed his postal service as superintendent of Daly City's Westlake station.

COMMENT

The Propaganda Has Boomeranged

COLLEGE AND university student protests against the American action in Viet Nam, now revealed to be the noisy antics of a very few students, are having an effect quite contrary to what the demonstrators sought. They have stimulated a rapidly growing, nationwide tide of support for the government policy and for the servicemen who are doing the fighting.

It is not the first time that propaganda has boomeranged when confroned by good American common sense.

In a poll made by the Associated Press at 85 colleges and universities it was learned that the number of students actually participating in the anti-government demonstrations is ridiculously small and that a large number of the institutions have no organized dissent whatever to the government policy.

Californians confronted by the disgraceful behavior of a few students and a larger number of hangers-on, many of them of doubtful repute, have had a rather larger dose of this immature exhibitionism than the citizens of most states.

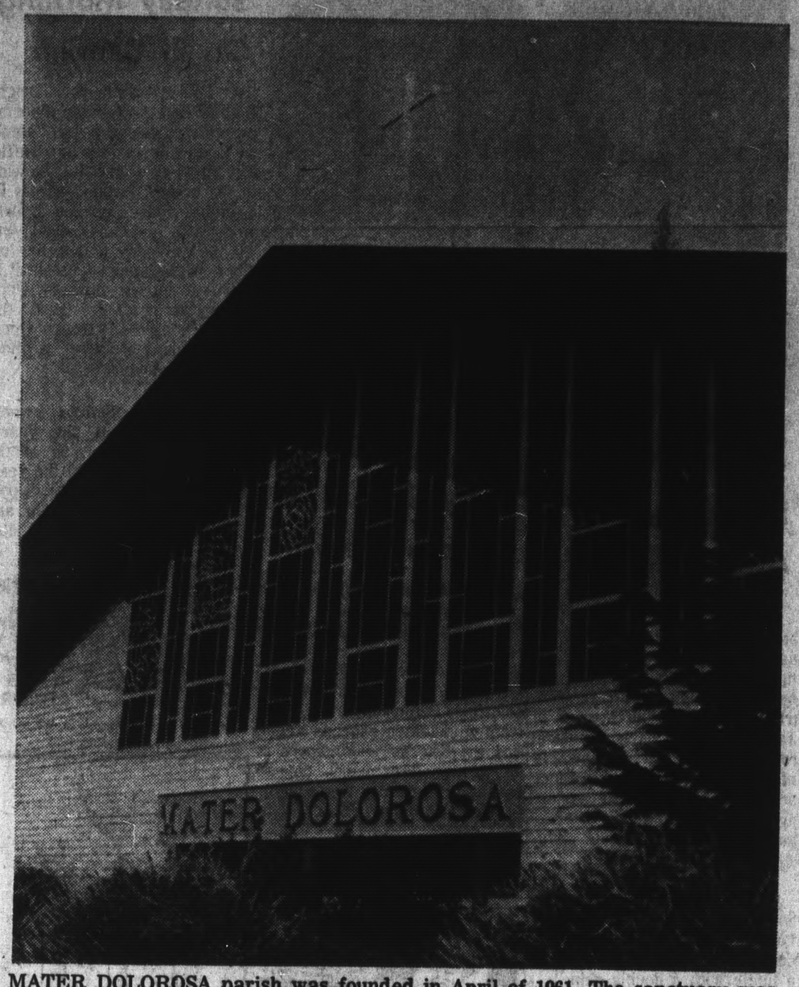
Characteristically, they have reacted quickly and it is in our own state that the tide of revulsion, and for the support of the United States and its servicemen, is rising the highest.

THE RIGHTS, if not the opinions, of the hysterical fringe of the demonstrators will be respected even though they amount to a perversion and travesty of American freedom.

But the demonstrators will soon find themselves and their tactics bringing them nothing more than curiosity of the sort accorded to people who insist on making public asses of themselves.

Meanwhile, they have stimulated the expressions of loyalty and patriotism by the overwhelming majority of Americans who love their country. You can be sure this was not the result the demonstrators sought.

Mater Dolorosa Church



MATER DOLOROSA parish was founded in April of 1961. The sanctuary was completed in February of 1962 and a school that now houses 300 children opened in October of 1962. Pastor of the church is the Rev. J. Norman Allen who has guided Mater Dolorosa since its founding. The parish serves Sunshine Gardens, parts of Winston Manor, Serra Highlands and Buri Buri and West Winston Manor. About 1,500 families are members of the parish. (Post-Times Photo)

The Great Race At Mary's Help

Don Miller

AS EXPECTED, the speculation was mounting furiously this week over who will be the first patient in Mary's Help Hospital when the landmark, 11-story structure opens its doors officially in Daly City at 8 a.m. Sunday morning.

There may be something dubious about being the first to be hospitalized in a new institution but there's no doubt that dubious or not, the novelty of being Number One has caught the fancy of many people.

Larry Hoban, the gentleman who is second in command at Mary's Help (Administrator Sister Louise is his boss), reports that the hospital has been receiving a steady stream of calls from prospective mothers and obstetricians, asking when the hospital on the hill will open its doors.

Understandably, Hoban remarks, the mothers want to know their chances of being the first to give birth in Mary's Help. Although this facet also intrigues the obstetricians, they are more concerned about what comes first—the baby or the hospital.

If it looks as if the baby is going to win the race, the doctor wants to be sure everybody concerned knows where the prospective mother is to be taken once Mr. Stork begins making his arrival known.

After all, it wouldn't exactly be the picture of jet-age medical efficiency to have everybody taking off in different directions once the moment arrived.

As things stood early this week, there was a good chance the new Mary's Help would welcome a premature infant as its first patient. At least, this is what the hospital administration is rooting for.

Two premature babies were in isolettes in the maternity ward of the old hospital on Guerrero Street and if they're still there Sunday, they'll be the first to be moved to the new building.

☆ ☆ ☆

AT ANY RATE, no matter how the great race to be first turns out, the folks at Mary's Help have their fingers crossed that whoever crosses the finish line first won't have the misfortune to bow in the way the first patient did back in 1912 when the old Mary's Help first opened its doors.

Number One on that eventful day was a hospital staff doctor who, in the midst of the maelstrom involved in opening a hospital, broke his leg and thus became to his profound embarrassment—the first to be admitted.

Although the hospital's emergency department won't officially be in operation until a few days after things have settled down, the first patient could very well be someone who shows up for emergency treatment at the 8 a.m. opening bell—or shortly thereafter.

Hoban explains that the hospital, continuing a policy always in effect at the old Mary's Help, will treat anyone who comes to its doors seeking emergency treatment—even before the emergency department gets into formal gear.

He recalls the experience another hospital recorded when it opened for the first time. For there, waiting almost right on the doorsteps, was a youngster who had suffered a fracture and who had been taken to the hospital at 5 a.m.—hours before the official opening.

And so, the way it looks here from our finish line box seat, it should be quite a derby Sunday. For the honor—dubious or not—of being the first in a new hospital is a relatively rare event and like all rare events, it should be a treat for the grandstanders.

☆ ☆ ☆

THERE'S ANOTHER honor being worked up, by the way, for Sunday's historic proceedings. It's the privilege—and a nostalgic one it will be—of being the last to "officially" leave the old hospital on Guerrero once all the patients have been transferred.

Whom the honor should be accorded to has been a sort of foregone conclusion for some time now and it's the unanimous opinion of all concerned that the recipient-to-be could not be more deserving.

For last-one-out honors will fall to Sister Agatha, one of only two nuns of the Daughters of Charity who have been administering to Mary's Help patients ever since that inaugural day back in 1912. (The other is Sister Ernestine who is ill.)

Sister Agatha was the first woman pharmacist to be registered by the State of California. At 88 years young, she continues to administer to the sick and comfort the downtrodden with the same bright smile and jovial nature that greeted patients at Mary's Help more than a half century ago.

So enthused in fact, about the new building has she been that she easily won another Mary's Help derby—a sort of race to be the first nun to transfer her belongings from the old Mary's Help to the new.

☆ ☆ ☆

AS FOR MOVING day itself, the fingers are already crossed in all departments that the weather will co-operate and that a reprise of that most embarrassing day a couple of weeks back won't be in the offing.

On that dismal day, Daly City was enveloped by one of the worst fog-mist-rain-drizzles longtime North County residents could remember and a host of news media representatives invited for a tour of the hospital found that the cheery directive—"Oh, you'll be able to see it miles away"—had a woefully inaccurate ring as they headed uncertainly up the hill.

As you know, on anything resembling a reasonably clear day the hospital stands out for miles like a great monument on a mountain top. Ironically, this factor has the medical staff a bit concerned.

For they suspect that when someone needs emergency treatment and that someone is, say, closer to another hospital, the patient may drive or be taken to Mary's Help instead—simply because the hospital stands out so reassuringly up there on its hill in Daly City.

If this happens and the emergency patient load overwhelms the staff, it probably won't be surprising to hear a few prayers being said in the hospital chapel for more misty days in the North County.

All of which should absolutely horrify the Daly City-Colma Chamber of Commerce.

Credit Card Frauds Rising

Lorene Beasley

THE CREDIT card plays a very important part in our American way of life. Although the credit card industry is only fifteen years old there are over 70-million credit cards in circulation today.

Diner's Club was the first of the world-wide credit industries. Today several major card companies compete to give us credit for every type of a vacation or trip and all incidental expenses that go with traveling.

The greatest problem to the card owners, in addition to the monthly payment, is the misuse of the credit card. There are over 1.5-million cards lost each year.

CREDIT MANAGERS attending a recent conference of the National Retail Merchant's Association admitted that credit frauds, most of them due to the lost or stolen credit card, are rapidly increasing.

The Wall Street Journal estimates that this year the American businessman's losses through fraud will reach the $235-million mark.

Illicit charges in ten major Los Angeles stores are expected to reach $400,000 in 1965 in comparison to the 1963 figure of $233,286.

San Francisco merchants' losses are estimated to be around half a million dollars.

THE INCREASING liberal credit policies are blamed for the sharp rise in store losses. The consumers now are receiving unsolicited credit cards through the mail from merchants who hope to incite bigger Christmas buying.

Companies send out no-signature credit cards to former patrons at their last known address.

Purchases can easily be made on these cards until the charge reaches the former patron for whom it was intended for.

WHO HAS TO pay the merchandise and services bought or lost on stolen credit cards?

Most firms stipulate upon the issuance of credit cards that the card holder is solely responsible and must pay for all bills run up on his credit card by both authorized and unauthorized persons alike unless the card is immediately reported lost or stolen.

It takes several days for an account to be posted in places where the thief might use it.

In this jet age, a few thousand dollars can easily be charged during that time gap. If a merchant honors a card after receiving notification not to honor it, he is held responsible for any charges made.

As a rule, if the fraudulent purchases do not exceed $50, stores are likely not to prosecute. The card thief avoids the stores who run their own credit card services.

ACCORDING TO the Credit Bureau of San Francisco, neither the owner nor the thief pays the bills run up by imposters on credit cards. It is the businessman who writes it off to the half or one per cent of his annual income considered to be uncollectable.

Courts throughout the United States vary in their decisions regarding the obligations of stolen or lost credit cards.

The Oregon Supreme Court has ruled that the merchant is liable for all charges unless he can prove that he made sufficient inquiries concerning the card.

A California appeals court recently ruled that the owner of a stolen credit card was not obligated to pay the charges because "merchants and restaurants have the obligation to exercise care in requiring identification of the card holder."

ON THE OTHER HAND, California law requires the testimony of three witnesses in a case of felony fraud.

Seciton 44-A was added to the Penal Code, specifically covering unauthorized use of credit cards with a penalty of 14 years imprisonment.

A person who finds and keeps a credit card is also in violation of Section 44—even though the card is not used.

One insurance company now offers insurance against credit card loss up to one thousand dollars.

The Marquee

A Hit For $35,000

Barbara Bladen

"MONEY CAN GET in your way" is a young film maker's explanation of how his award-winning film, "The Lollipop Cover," has caused such a stir in the industry.

Produced for only $35,000, less than half of what it costs to present the Donna Reed television show in one week, it was made with "love" says Don Gordon who wrote the script with Everett Chambers and also stars in it.

"It's not the greatest film ever made, nor the worst. But it came out of a great need for expression by many people involved and while we were doing it, I didn't care if anyone liked it. I did and that's all that counts."

As it turned out, everyone liked it. Audiences, critics and colleagues in the film business. (It got the best picture award at the Chicago Film Festival.) Since it was shown during the recent S.F. Film Festival's new directors' series which began nightly at midnight, I hadn't seen it. But the critics on the San Francisco papers, who have a larger staff to cover the entertainment field, gave me their unanimous recommendation, calling it a "three hanky picture" and praising its cinematic warmth, tenderness, and honesty.

GORDON DRIVES a 650 Triumph motorcycle and knew the Latigo canyon area in Southern California from riding there often. Between there and Highway 101, location spots were scouted. Everyone in the picture worked for scale salary, or less, and the biggest expense, he claims, was having the film processed.

The script was written at a kitchen table, rewritten as the scenes were shot, and day by day the story fell into place. As simple as that. Gordon's wife, Bek Nelson, a television actress has a small role in the final scene. They were part of the clique of New York actors that included Ben Gazzara and Steve McQueen and know the emotional and physical need actors have to act . . . at anything, as long as they're busy and creating.

Chambers, who is producer of the John Cassavetes show on television, knew Bob Brant, whose wife is Janet Leigh, so they asked him for the necessary capital to make a film. Gordon's reputation was greatly enhanced after receiving the Emmy Award nomination for his 1963 role in "The Defenders." (Trevor Howard got the award that year.)

BUT THE SPOKESMAN for the company won't take credit for any kind of a "new wave" movement among film makers. "Marty" was made on a small budget, and so have many since, but Gordon feels they were an experiment to make a good movie on little capital whereas "The Lollipop Cover" was made with different motivation. They simply wanted to do a good acting job for their own enjoyment and never thought of it as a commercial success.

"America needs a new wave. In Europe five guys and a camera can make a movie and it gets raves from the art audiences. Lots of time it's poor lighting, faulty equipment and inexperience. The underground cinema producers, are only indulging themselves with dirty words and perverted subject matter. To make an impression on the scene and create followers, you must have something to say. Not a world shaking message but something universal, that has a broad meaning. Certainly not just dirt for shock sake."

He further contends that it's not important what is "wrong" with films but what is "right." "There lies the encouragement for people to make new films, to experiment in a way Hollywood never can. Like Harry Truman, he made the decision and went to sleep."

Letters to the Editor

TO THE EDITOR:

I AM WRITING regarding your article in the December 1 edition of The Post, headlined: "D. C. Building Down by 50 Per Cent."

I disagree a great deal with the statement made by City Engineer Arthur Reschke. I do not feel that overbuilding is the cause for the lull in building.

I feel impractical building codes and lack of organization in over-all city planning is the main factor for the lull.

These factors are making it impractical for a contractor or a property owner to build.

I feel to remedy this situation we should demand a revamping of our codes, regardless of politics and trade unions.

I feel that everything possible should be done to bring the cost of building down, thus bringing the rents down, thus encouraging greater influx of population, thus demanding more building, thus a greater and more prosperous city, thus bringing taxes down.

To accomplish this, I feel that Daly City citizens should look out for their own interests and demand a new policy in City Hall.

First, I feel that Daly City is growing fast enough to have a full-time mayor, elected by the people, and not by the City Councilmen — taking turns play-acting at mayor — who have personal interests and businesses of their own to look out for instead of the over-all betterment of the city.

I also feel that a commission of expert engineers, contractors, etc., should be formed to make an over-all general plan of the redevelopment of old Daly City.

"Old Daly City" is in its primary stages of redevelopment. How this is accomplished is either going to make or break this city for at least the next 30 years or more.

I do not feel that this great task should be left in the hands of amateurs. I feel that there should also be a beautification commission that would plan adequate parks and recreation, oversee planting of trees and flowers and check areas to encourage upkeep of property — both city and private.

I think this can be accomplished by strict co-operation with the newspapers and by interested citizens going out and finding more interested citizens and inspiring in these citizens a sense of civic pride and duty.

Let's tear people away from their TVs and get them thinking how much better we could all have it if we stick and fight together for a better community for all citizens — with no slums or depressed areas.

The Books About John F. Kennedy

Samuel Chandler

"MEN GET OPINIONS as boys learn to spell," wrote Elizabeth Barrett Browning, "by reiteration chiefly."

By reading the books that reiterate much that has been said before, we are learning what to think of John F. Kennedy.

Everyone who knew him except those bound by law is in the act. Reporters, secretaries, friends, employees — even the members of his immediate family are giving us the opinions that will prevail.

"As We Remember Him," is a reiteration of the memories of his immediate associates. Among the contributors are his parents, his wife, his brother and sisters, his associates in politics and his school chums.

☆ ☆ ☆

WHILE MUCH of the material has been published in other places—some is new to us. Many of the items are quite personal. We see Kennedy at breakfast and at his now famous bachelor supper preceding his wedding.

We watch him play football; we even learn what he was thinking when he took a bath on his first morning in the White House.

"As We Remember him," is profusely illustrated with 252 photographs and 71 reproductions of letters and documents. It is one of the fastest selling books of the Christmas season. It makes an interesting gift even though much of the material has been published before.

It is not, however, nearly as significant as the Kennedy books by Ted Sorenson, Mrs. Victoria Lincoln, and Arthur Schlesinger Jr.

Schlesinger is one of the most scholarly persons who served Kennedy. He and his father gained reputations as historians before Kennedy emerged.

☆ ☆ ☆

IN "A THOUSAND Days," Schlesinger holds that President Kennedy will be remembered as a man who brought youth and excitement to a country that had long been led by aging men.

In doing so, he stimulated interest in government within the so-called lost generation. He represented the hope that peace can replace the terror of our rather bloody century.

In economic affairs, President Kennedy moved to establish principles that included special training programs for the unemployed. He accepted the concepts of Galbraith and others that the government of an affluent society should assist in providing the indigent with basic necessities.

In the Civil Rights battle, he exposed the thesis that there can be no second class Americans regardless of the pain that granting full rights will bring to some Americans. Because he believed that Negroes should be represented in the executive position of government, he appointed several to important positions and planned to appoint others.

☆ ☆ ☆

SCHLESINGER believes Kennedy approached foreign affairs as a leader of all who seek democracy: citizens of Africa's new nations, of South America's backward lands as well as of the United States.

As the leader, he gave his support to the Alliance for Progress. He organized the Peace Corps; he sent representatives to study the needs of the nations of the globe.

In all his dealings with Russia, he attempted to negotiate from strength as well as from a great desire for lasting peace. He used American strength as a deterrent to the spread of Communism in South America and in South East Asia.

"A Thousand Days," is a surprisingly objective book, one that will be an invaluable tool when future historians assess the 60th decade of the 20th century.

The "Wagon Train" To Scotty Campbell's

HERE WE GO AGAIN! The exciting "Old California Night" which struck gold for the SCOTTY CAMPBELL'S clan, is back with us again—and as a weekly Wednesday-evening-only event. On this fun night the entire staff sets aside all Scottish attire and dons Latin costumes. In addition, the popular MARIACHIS stroll through the dining room singing and playing tunes of old Mexico. THERESA and BUD URBAN, along with MARY LOU, who own and operate the thriving Scotty Campbell's restaurant in Redwood City, "go with the show" and fashion lavish costumes. For the dessert of the evening, Theresa and Mary Lou add a little of the '20's to the scene with a Charleston dance that defies comparison. With all the entertainment going full cash register speed ahead on Wednesday, don't let this distract your appetite thoughts from Scotty Campbell's menu which features all the former favorite dishes—including prime rib steaks (no Mexican fried beans, tamales, or anything in this line, listed). Remember, "Old California Night" is a Wednesday-evening-only fun experience—"OLE!"

PACIFICA RESTAURATEUR ENRICO ROMANO points out to friends that his childhood was quite rough. When he played cops and robbers, it was with real cops. And when he played Hop Scotch, it was with real scotch . . . The musical charm of the Standells have taken possession of Bill Gilbert's Tiger-A-Go-Go Club, this Sunday night, when they open at the popular night spot for what promises to be four of the wildest weeks of their career. Rated as one of the most versatile groups in the business, the Standells blend a combination of rock-'n roll selections, strong ballads and swingin' comedy that supports applauded satisfaction whenever they play. Their talents are equal on both harmonized vocals, and resounding instrumentals. Appearing on stage with the Enrico Romano Standells will be talented Negro vocalist "Delilah," Maurice Anger, Cristy Hines, and a bevy of beautifully-endowed Tiger Kittens. . . . Seen celebrating their sixth wedding anniversary at Plateau 7 in San Jose, last Friday p.m., was The Times' ace ad man Jack Erickson and his lively wife, Joan, a former stewardess.

NICK GUST, when making the rounds in his restaurant dining room, stopped to talk to a little five year old type about Christmas. When asked, "Is Santa coming to your house?" the little girl surprised Nick by scoffing, "Santa doesn't come down our chimney—my Mommy and Daddy do." . . . Latest food rave from CHUCK HERSCHLER, the RECTOR-CADILLAC gourmet who sells a few Oldsmobiles and Cadillacs during his 'spare time' away from restaurant tables, is for the Burlingame HYATT HOUSE. Superb prime rib, says he and his wife, Virginia. "We enjoyed a delicious dinner and a nice chat with Maitre'd CHARLIE WARREN, who used to take care of us at A. Sabella's on Fisherman's Wharf . . . Excellent New Year's Eve package at the Sf. FRANCIS HOTEL in San Francisco: Dinner-dancing and favors in a $15 per person package (tax and cover charge included) . . . PHIL LEHR is betting a quarter of a million dollars that the new addition to his already-swank Steakery in downtown San Francisco—the WELLINGTON ROOM—will make it the most elegant and resplendant steak house in America. That's how much Phil spent on his new room and, believe me, it is simply tremendous and beautiful. Watch here for opening date . . . The LA HACIENDA INN, well known for it's tasty Continental and Italian cuisine, is a favorite with the gourmet set . . . Now try the Beef Shish Kebab "Hawaiian-style" at Palo Alto's popular RUDOLFO'S. In eatin' words, don't cook out tonight—cook "in" at Rudolfo's . . . Exotic dancers and the atmosphere of Chicago await your visit to AL SWANSONS OLD CHICAGO CLUB in Sunnyvale. This is a zany club you'll tell your friends about—action galore and fun a-minute . . . PHYLLIS and AUGIE APRILE have brought their AUGIE'S ON THIRD Avenue restaurant (formerly Earl's) to the top of the "Where to Dine" list in just a mater of months. Real fine restaurant, delicious food.

WHERE CAN YOU GO AFTER WORK for some friendly cocktail dancing and delicious hot hors d'oeuvres? The swinging CARAVAN INN of Mountain View features the red-hot LARIOLILES combo every p.m. at 5:30. It's becoming a gathering spot for Peninsula space engineers and pretty secretaries. Popular DAVE LARIO, formerly of the Nob Hill Trio, and handsome new singing star, TOM LILES, continue on the sophisticated dance program all evening. Try the tasty "Corn Dogs" hors d'oeuvres. Delicious! For dining, the Caravan Inn has an intimate new Jug of Wine restaurant with all-you-wish of appetizers and salad, plus a selection of delicious dinners like London Broil, Chopped Sirloin Bouguetiere and Italian Spaghetti, all well under $3 . . . Over Eggs Benedict, CLIFF CHALET'S DANNY HOUNTALAS and Singer DON HO discovered they both gave up flying for the same reason. The two ex-pilots had 11 crash landings between them.

Meal Coupon For Barney's Passengers

Late flash from Barney's Casino, Lake Tahoe (South Shore): On all departures from San Francisco Greyhound Bus Depot with the exception of the 8 p.m. Friday and Saturday departures, passengers now receive a meal coupon, as well as the advertised cash refund. This of course is in addition to the free cocktail and coffee served on arrival at Barney's.

Bob Whitacre has big plans for his Mac's Tea Room for the coming holidays. According to reports, Mac will play the role of Santa Claus. How he will depict little Mr. New Year for his New Year's Eve party is still a mystery to this corner—but he plans to do it. This is reason enough for a "right now" reservation.

The elegant Cote D'Azur is now featuring pianobar entertainment, with the internationally famous pianist, August Amador, doing the "88ing."

Daniel P. Hagmier of Millbrae and Georgina Gamble gave a dinner-party for a group of friends at Lew Lehr's in San Francisco's Marina from which came the announcement: Daniel and Georgina were engaged to be married. From Lew and Edith Lehr, the very best! Me, too.

What I call a right nice noonday snack: Cracked crab side dished with warm French bread (with plenty of butter) and a bottle of your favorite beer. All this is served at Vince's Sea Food and Italian Restaurant. Try it!

THERESA AND MARY LOU—These two lovely ladies are reason enough to plan a visit to Scotty Campbell's any Wednesday evening to enjoy Latin music and entertainment during the "Old California Night" celebrations.

Ballet Dancer And a Comic

Finocchio's Reggie Dahl is a ballet dancer plus now — the addition being the result of his turning comedian above and beyond the call of duty (or contract) as a dancing feature in Joe Finocchio's lavish musical revues. In fact, Dahl now climaxes his remarkable dance act by suddenly getting so funny he scores some of the biggest laughs of the whole eight-strong corps of comics.

Overheard at the bar in the South San Francisco Brentwood Lodge: "The average man under a five-gallon hat looks like a turtle with a double chin."

N. Y. Palmer, general manager of the popular Villa Chartier, advises that if you see an unidentified object, smile — it might be taking your picture!

Betty Regan Cabana Feature

Betty Regan, popular blonde comedienne, top spots in Nero's Nook at the Palo Alto Cabana Hotel for a three-week stay. Backed by The Boys, her quartet, Miss Regan comes to the colorful Peninsula nite spot from engagements in Las Vegas and the Sierra Tahoe. There is no admission or cover charge for the shows which begin nightly, except Monday, at 8:30 p.m.

Sunday Morning On El Camino

At long last, your Bright Lighter had the Sunday morning pleasure of seeing a real "squirrel" jaywalk and tie up traffic. The little guy, with tail blowing in the breeze, strolled across El Camino Real (between Fourth and Fifth Avenues) displaying all the authority of a police officer while autos screeched to a halt to let him pass by. Once safely across the street, the squirrel took to the trees—which, in these days of travel, is about the safest place.

Luz Garcia, Sinaloa owner, will soon present the yearly Posadas, which is one of the most colorful sights of the year. The entire Sinaloa cast will participate in the celebration and the breaking of the Pinata during the second shows.

WILL SUCCESS spoil TN? No, but the spoils of success will enrich the coffers of TN's drama department. The school play, "The Curse of an Aching Heart or Trapped in the Spider's Web," was presented last Thursday, Friday, and Saturday to sellout audiences at the TN cafetorium.

Just the right touches, such as the red-checkered tablecloths on the tables at which the audience sat, provided comfort and the appropriate setting for the old-fashioned melodrama. Future Nurses' Club added to the atmosphere (and its treasury) as members in long Granny dresses waited on tables at intermissions.

The play itself, to say the least, was fun—on both sides of the stage. The actors hammed up great performances and the audience booed the villain and cheered the hero to their aching hearts' content.

Polished performances under the direction of David Campbell, TN drama teacher, were given by Armando Melendez as villainous Windermere Hightower, Kathy Pavka as virtuous Melody Lane, and Jerry Olsen as shy but courageous Lucius Goodenough. Supporting cast members were Pat Sparks, Gene Gibson, Gail Kelly, Norma MacArthur, Brenda Dodson, Margaret De Lucce, Kathy McLain, and Ralph Lyons.

THE INTERNATIONAL RELATIONS CLUB, which was started on campus last year, will host a foreign student from Finland at their bi-monthly meeting this Thursday.

Miss Liisa Hiekka, a teacher in her native land, is attending San Francisco State College on a grant and will speak on the great differences between the educational systems of the U.S. and Finland.

The IRC was established, as stated in its constitution, "to strive to make this world a better place for all to live in through greater human relations and greater knowledge of foreign lands." One of its main activities is representing Terra Nova at the model UN, held yearly at UC in Berkeley. Last year TN represented Yemen while this year it is representing Nicaragua.

Orators Set Open House

The Daly City Toastmasters' Club will hold an open house tomorrow at the Westlake Park Clubhouse in order to demonstrate their meeting format and to interest new members.

According to Daly City Mayor Francis Pacelli, the week of December 2 through tomorrow has been proclaimed "Toastmasters' Week" in the city.

The mayor encouraged residents to practice the aims of the club in their daily living.

Rod and Gun Slate Elected

New officers of the South San Francisco Rod and Gun Club are:

Peter Ruggeri, president; Steve Stamates, vice president; Jack Schlabba, secretary; Harold Varni, secretary, and Otis Smith, sergeant-at-arms. Directors include Nello and Dante Scrandi, Al Firenzi, Harold Poll, Fred Miller and Leo Rossi.

Plans are progressing for a steak dinner December 13. Every Tuesday night and Sunday finds members at the club's new trap shoot on Butler Road. The public is invited to try out its skill, and a hunter's safety course will be offered soon.

A RECORD for distribution of a newspaper advertising supplement by a retail drug chain was established by Walgreen Drug Company this week. Displaying a "Christmas Gift Guide" which appears in The Times and The Post today is Robert Markuse, Westlake store manager. The special section also appears in 54 other U.S. newspapers, reaching a total circulation of 8½-million persons. Checking copy of the section are, left to right, James Thornton, Millbrae store manager; James. R. Saunders, district manager; and Conrad Siemanski, Hillsdale store manager. Saunders holds "Waggles," the larger-than-life-size toy dog that is the symbol for Walgreen's Christmas advertising program.

Christmas Mail Hours Are Set

The Daly City Post Office, girding its forces for the annual deluge of Christmas mail, has announced these special hours for the holiday mailing season.

Postmaster Vincent Murphy said the schedule would include Saturdays and Sundays until Christmas Eve. Here is the schedule:

Mondays through Fridays, 8 a.m. to 5:30 p.m.
Saturday, December 11, 8 a.m. to 1 p.m.
Saturday, December 18, 8 a.m. to 5 p.m.
Sunday, December 12, 1 to 4 p.m. (Main and Westlake branches only.)
Sunday, December 19, 1 to 4 p.m. (all branches.)

In addition to listing the special hours, Murphy also offered these hints for Christmas mailing:

Use ZIP code numbers to speed delivery (and return).

Use five-cent stamps for Christmas cards. Cards sent at the four-cent rate may not carry a personal message in addition to the usual signature.

Package gifts in strong cartons. Wrap cartons with heavy paper and tie with sturdy cord.

Insert a card with the name and addresses of sender and addressee inside the parcel so that in the event of loss of the outside label,

Assemblyman Ryan Speaks To Westmoor High Juniors

Assemblyman Leo Ryan of the twenty-seventh district spoke to juniors at Westmoor High School last week about his views on liberalism and conservatism.

After his prepared speech, the Democratic assemblyman held a question and answer period in which he welcomed any questions from his audience.

Where the assemblyman is concerned, liberalism is an "acceptance of change because it becomes necessary." It is the method of going about this change, as well as accepting it, which establishes liberalism as different from conservatism, according to Assemblyman Ryan.

Using observations of how present standards affect people as a pattern for change, Assemblyman Ryan believes, is the most effective method of making required changes.

Mainly, the assemblyman stressed the willingness of liberal thinkers to accept need for and make changes, and the importance of this attitude.

Touching on other subjects during the question period, Assemblyman Ryan aired his views on such things as the purposed splitting of California, the Viet Nam Day Committee, and the increasing importance of solving world problems by means other than war.

The California split was referred to by the assemblyman as a "circus stunt" since there was no study made prior to the proposal as to how the split would affect Californians.

Assemblyman Ryan thinks that the VDC will eventually "get tired" of what they are doing, and "turn to something else" and he warned his young audience that they couldn't afford to make many mistakes" since "the hydrogen bomb can destroy us all" and "the button is too close."

Assemblyman Ryan concluded by stressing the importance of education to a nation if the citizens are to remain free.

Coast Sets Teen Clubs

Two new teen clubs will open during the first weeks of December in Pacifica.

One will be located at Ortega School and will meet on Mondays from 4 to 5:30 p.m. The other club will meet at Cabrillo School on Thursdays from 3:30 to 5 p.m.

Membership in the teen club program can be obtained at teen club meetings.

A teen-age nightclub will open on Crespi Drive near Barcelona Avenue in Pacifica in January. A specific opening date has not been set.

N. County Honors Emilio Cortesi of S.S.F. Council

Some 300 North County political leaders gathered at the Brentwood Lodge in South San Francisco last week to honor Emilio Cortesi for his 20 years on the South San Francisco City Council.

With City Clerk Art Rodondi acting as master of ceremonies and Chamber of Commerce President Bill Borba offering congratulations, Cortesi was presented a bound leather book of memories listing some of his accomplishments in 20 years as a councilman. Chamber Secretary Leonard McLeod made the presentation.

In addition to those present, greetings were read from Gov. Edmund G. Brown, Congressman J. Arthur Younger, and State Senator Richard Dolwig.

South San Francisco Mayor Frank Bertucelli made a brief speech of congratulations, and dozens of other city and county officials applauded.

New Recreation Supervisor Is Appointed in Pacifica

A new recreation supervisor, Virginia Silva, has been appointed by the Pacifica Park, Beach and Recration Commission, Director Eldred Lokker announced at the commission's monthly meeting last Wednesday.

Miss Silva, who was listed first on the city's Personnel Department eligibility roster, directed teen and junior teen activities in Pacifica prior to her appointment.

Her additional duties will include supervision of playgrounds and special interest activities for children and adults.

A graduate of San Jose College in 1965 with a bachelor of arts degree in recreation, Miss Silva has been active in 4-H Club work and was formerly with the Cupertino School District and the Sunnyvale Park and Recreation Department.

She will succeed Barbara Spinred.

D.C. Woman Hit by Car

A Daly City woman who, police said, ran between cars in a funeral procession in Daly City suffered minor bruises last Tuesday afternoon when she was struck by a car in a lane next to the procession.

Injured was Nora Gerechino of 412 Willits Street. The driver of the car, Harry M. Thomas, 45, of 406 Larch Street, South San Francisco, told police the funeral procession had been proceeding in the middle lane of Mission Street near Citrus Avenue.

Daly City's Purchaser Is Honored by Boy Scouts

A Daly City man has been awarded the highest award in Scouting at the annual dinner of the San Francisco Bay Area Council, Boy Scouts of America last week.

Robert G. Evans of 235 Higate Avenue was honored, with the Silver Beaver Award along with nine other volunteer adults, for his "distinguished service to boyhood."

Evans, who has been active in local scouting since 1955, is a past president of the Friends of the Daly City Library, president of the Peninsula Employes Union, a member of the Daly City Toastmasters, and is the city purchaser of Daly City.

Evans has served as a Scoutmaster in Chico. He has been on the advisory board for the Order of the Arrow (another honorary award in Scouting).

Since 1962 Evans has served as camping and activities chairman for the Lake Merced District of the Boy Scouts.

Buses Roll In Pacifica

This week marked the inauguration of expanded local bus transportation for Pacifica.

John Cushing, owner of El Mar Transit, has increased his firm's service to three "Little Red Buses." He formerly operated a limited one-bus service in Linda Mar.

Both the Pacifica Chamber of Commerce and the City Council have encouraged the expansion of the local bus service which was to start its new schedule on Monday with a pioneer ride for 80 residents.

Problems Discussed

NPL Leadership Meeting Is Held

Seven North Peninsula League high school rivals, Jefferson, Westmoor, South San Francisco, El Camino, Terra Nova, Oceana, and Half Moon Bay High Schools met peaceably, November 20 at Jefferson for the NPL Leadership Conference.

The purpose of the conference was to promote inter-school co-operation, discuss problems, and share solutions.

The keynote speaker, John Piotti, supervisor of the Northern Delinquency Unit of San Mateo County Probation, was unable to attend because of an auto accident. However, he sent his colleague, G. Yazalina, who delivered Piotti's thoughts to the group.

In explaining leadership, Piotti's view was that Eve took the leadership when she convinced Adam to eat of the fruit "and women have been leading men around ever since."

Discussion sessions followed. Each delegate was assigned to one of the five groups. Chris Gregory of El Camino, and Damian Hahn of Half Moon Bay, while attending the student leadership training discussion group, noted that Jefferson requires those running for office to attend classes which educate them in the basic principle of leadership. The classes are held before school each morning.

The student finance discusion, attended by Greg Vallee of Oceana and Pat Hauk of Jefferson, brought to the representatives' attention the various student body card prices and fund-raising events put on by each school.

Elaine Caranlik of South San Francisco and Randy Barnhart of Terra Nova participated in the club activity and membership session. Of interest to most was the fact that South San Francisco High has 35 active clubs.

Lack of school spirit is a problem with most NPL schools. This was brought out in the school spirit group attended by Ginny Jones and Robin Orr of Westmoor.

Al Namanny and Linda Runne of Jefferson were the moderator and recorder respectively of the campus litter control discussion session.

They'll Serenade Shoppers

MEMBERS OF the Westmoor High School Choraliers, shown here, will serenade shoppers in the Westlake Shopping Center Monday from 7:30 to 8:30 p.m. Pictured here, left to right, Howard Loeffler (music director), Noella Livingston, Silvina Hansen, Launa Hennings, Dolly Walton, and Pat Hemmele.

Yule Swim Instruction Is Planned

"This will probably be the last chance that Coastside children will have to learn to swim until summer," Richard Burton, Pacifica Recreation supervisor, said last week in describing a Christmas vacation swim program.

He also said the program was probably the only one of its kind in the county.

Co-sponsored by the American Red Cross and the Pacifica Park, Beach, and Recreation Department, the swim program will hold its final registration Saturday from 10 a.m. to 1 p.m. at the Pacifica City Hall for tiny tots and beginners.

"We will have the classes, rain or shine," said Burton, "and there will be no make-ups or busing."

However, he said that the pool, which is outdoors at Terra Nova High School, is wind-shielded and heated.

Coast Park Master Plan Is Revised

Pacifica's Park, Beach and Recreation Commission master plan, which originated in November of 1960, is going through a detailed revision.

Eldred Lokker, commission director, said many high density residential areas will require parks and greenbelts.

He cited this need in older sections such as Pacific Manor and Sharp Park west of the Coast Highway, where "solid" housing has left no open spaces.

Undeveloped land near these areas could in time, he said, be utilized for parks.

In order to serve neighborhoods and the community as a park or recreation area Pacifica's beaches will have to be developed and have proper accesses, Lokker said.

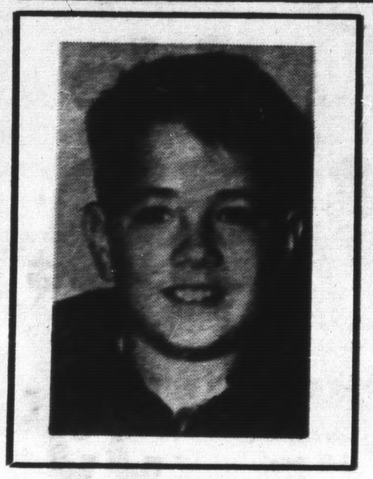
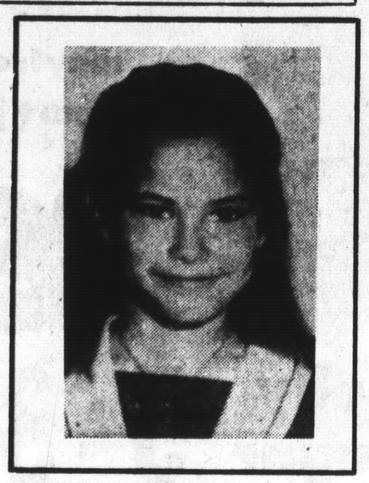
"WHAT CHRISTMAS MEANS TO ME"



TODAY'S CONTEST WINNERS!

$5 GIFT CERTIFICATE for



JOHN HISER
171 Allen Drive, San Bruno, California

John Hiser is new to our area, less than 4 weeks. He is 10 years old and attends the Pacific Heights School in San Bruno. He has two sisters age 7 and 3. John's favorite hobby is putting models together at which he is very adept. His favorite pastime is reading. To John, "Christmas means giving and receiving gifts. It means love and kindness and seeing relatives. Christmas means remembering Christ and how hard his childhood was. It means remembering how kind and loving Christ was. The way Christ helped the blind man regain his sight and how he divided the bread and fish between all these people. Christmas is the most joyous occasion of the season, this is what Christmas means to me," says John.

THERESE BELTZ
1911 Hillman Avenue, Belmont, California

Therese is 10 years old, a pupil at the Immaculate Heart of Mary. She has 4 brothers ages from 3 to 12 years. Therese is very feminine and artistic which is unusual with 4 brothers; likes to draw, work with mosaics, takes ballet, and plays the piano; she makes her own gifts for people, too. Her pet cat "Wrangler" is her constant companion. To Therese, Christmas means:
C is for (Christ) (it's "His" birthday)
H is for (Happiness)
R is for (rejoicing)
I is for the (Infant)
S is for Christmas (surprises)
T is for Christmas (tree)
M is for (Merry Christmas)
A is for (Advent) (the weeks before Christ)
S is for jolly old (Santa Claus)
